Dear Ms Pröbldorf,

We refer to your e-mail of 5 May 2021 in which you make a request for access to documents, registered on the same day under the above mentioned reference number.

The European Commission has just issued one positive Commission Opinion pursuant to Art 6(4) of the Habitats Directive on the project which is publicly available via the following link (C(2010)8438, adopted on 3.12.2010 and the Corrigendum C(2012)911, adopted on 15.2.2012):

https://ec.europa.eu/environment/nature/natura2000/management/opinion_en.htm

Please find enclosed the formal submission of the request for the Commission Opinion by Germany which was sent via the Permanent Representation of Germany on 30.6.2010 (in German language) and a draft version which was submitted by the planning office on 9.6.2009 (in German and English language). This draft was not taken into consideration for the Commission Opinion as it was not submitted via the official channels by the Permanent Representation of Germany.

The compensation measures which are described in the request by Germany and to which the Commission Opinion refers have not been submitted yet.

Please note that documents originating from third parties are disclosed to you based on Regulation (EC) No 1049/2001.
